World Hand Hygiene Day

3RD HAI HAND HYGIENE CELEBRATIONS AT TAJ LAKE PALACE UDAIPUR

The subject of hand hygiene has been given great importance as clean hands keep health hazards at an arm's length. WHO-World Health Organisation has declared 5th May as World Hand Hygiene Day. Hands hygiene is vital to those who handle food, provide medical aid and also for other general public. Diseases such as influenza or the common cold can spread rapidly through unwashed hands. Thus, to create awareness about Hand Hygiene on this special day Taj Lake Palace organised few activities involving maximum associates.

The Hotel placed a Hand Hygiene Awareness Desk outside the Associates 'Dining Room. This desk displayed all things required for cleaning hands & maintaining hygiene.

Awareness posters were also displayed. The Television for the associates' which is used for announcements & hotel related information, screened Hand Hygiene movie clips, posters and information whole day.

A Hand Hygiene round was conducted by HRD and Mr.Jorawar Singh Jhala (Manager Hygiene) in all outlets/back areas/departments and an apt way of cleaning hands & best hygiene practices were demonstrated.

World Hand Hygiene Day Celebrations

World Hand Hygiene Day was celebrated by associates at Taj Bengal with full fervor and enthusiasm!!

Several interesting initiatives were launched at the Hotel to drive awareness about Hand Hygiene

- Poster Campaign on Hand washing in all prominent areas of the hotel and hand wash stations
- Awareness Session for associates on importance of hand hygiene using the 'Germ test kit'
- Hand wash demonstration in all the outlet's and discussions on hand hygiene compliance
- Screening of "WHY, WHEN and HOW" of Hand washing video in all pre shift briefings
- Spot quiz was conducted on Hand Hygiene and Good hygiene practices as part of the Learning is Fun series

Chef Sonu, the Executive Chef says "It is our endeavour to support the World Health Organization's global initiative on improving and maintaining hand hygiene ". His 'call to action' highlights the important role that hand hygiene plays in preventing the spread of antimicrobial resistant germs. He adds that we wanted to create awareness amongst all our associates about the importance of washing hands as the simplest and most effective way of promoting good hygiene

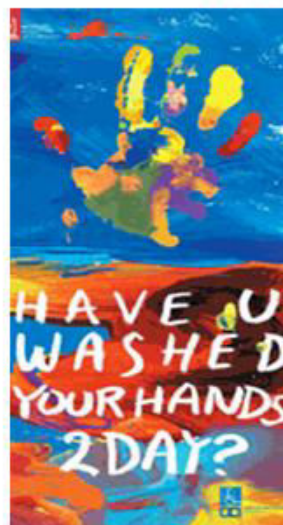

Kudos to Team Taj Bengal for their dedicated efforts and enthusiasm in upping the ante on Hand washing and encouraging people to diligently practice this to ensure good health
