

3rd HAI HAND HYGIENE DAY CELEBRATIONS 5TH MAY 2016 THE PARK NEW DELHI

Hotel Association of India launched the first "HAI Hand Hygiene Day" on 5th May 2014 with a vision to create awareness about the importance of washing of hands as an effective way of promoting community health and wellbeing and since then The Park New Delhi has played an important role in this campaign. Keeping in mind the HAI vision, The Park took steps to create public awareness among the local community through students from school and employees of the hotel and the people who handle food, about the importance of washing hands with soap and water as the simplest and most cost effective way of promoting community well-being through prevention of respiratory illnesses, common cold, influenza and other infections.

The Team from The Park New Delhi visited Arya Public School, Baba Kharak Singh Marg and spread the message ***"Wash with Soap, Live with Hope". "Clean Hands Save Life."*** The highlights of this great initiative were as follows:

1. Creating an environment in the Hotel conducive to the Hand Hygiene Day's significance with displays, videos and posters.
2. Arranging an interesting and easy demonstration of hand washing for over 200 students and teachers.
3. Putting together videos to add fun to learning about hand hygiene at home, work, hotel premises and kitchens.
4. Associating with Lifebuoy - The World's No 1 germ protection & hygiene brand and a leading soap by Hindustan Unilever Ltd. Lifebuoy distributed hand wash liquid soap to students.
5. Organized a fun poster making competition for the students.
6. Exciting goodie bags, refreshments and set of 3 books were distributed to all the students for them to take the experience home.

It was very heartwarming to receive such a delightful response from the students and the teachers. This is the way forward for a 'Healthy Hotel' through always supporting and promoting a healthy environment for this and future generations.
